

Safe Practices for Drive Up COVID Vaccinations

Presented by Captain L.H. Persky,
Training Commander
Montgomery County Sheriff's Office, Alabama

PICKING A LOCATION

- Look at your population
 - How many potential patients will you service?
- Find an area that will facilitate the safe entry and exit of vehicular traffic
 - A large parking lot
 - Room for prep areas (tents, tables, etc.)
- Lighting
- Inclement weather concerns
- Tents and/or prep areas at least 15 feet or more from vehicle traffic
- Power concerns (extension chords, Wi-Fi, generators)

PERSONNEL SAFETY PROTOCOLS/CONCERNS

- POLICE AT ENTRANCE AND EXIT FOR TRAFFIC
 - ON DUTY OR HIRE OFF DUTY
 - ONE OFFICER CLOSE TO INNOCULATION AREA
- SAFETY VESTS
 - PERSONNEL HANDLING TRAFFIC
 - OSHA COMPLIANT SAFETY VEST
- TRAFFIC CONES FOR LANE SEPARATION
- SIGNAGE TO STAY IN VEHICLES
- FEAR OF NEEDLES
 - INSTRUCT ALL DRIVERS TO PUT CAR IN PARK
 - DO NOT APPROACH UNTIL CAR IS IN PARK
 - DRIVER INSTRUCTED TO DRIVE OFF

PERSONNEL SAFETY PROTOCOLS/CONCERNS

- NEVER APPROACH A MOVING VEHICLE
 - PAY ATTENTION TO WHAT IS AROUND YOU
 - MOVING VEHICLES
- OF COURSE, KEEP ALL CDC AND OTHER REGULATORY GUIDELINES IN MIND/ADMINISTERING INNOCULATIONS

PERSONNEL SAFETY PROTOCOLS/CONCERNS

- COMMUNICATIONS
 - PORTABLE FRS RADIO
 - ALLOWS FOR MORE DISCRETE YET IMMEDIATE CALLS FOR HELP
 - LAW ENFORCEMENT CAN COMMUNICATE WITH YOU
- IF DOCUMENTATION IS TO BE OBTAINED
 - HAVE A CLERK/NURSE IN THE LINE
 - HAND OUT FORMS FOR SIGNATURES ETC
 - FACILITATE DOCUMENTATION OF INNOCULATION
 - HELPS TO SPEED UP THE PROCESS
 - LESS CHANCE OF TRAFFIC ACCIDENTS
 - MAIN ROAD AND LOT
